Dear Supervisors:

**FEDERAL TRANSIT ADMINISTRATION  
CALIFORNIA DEPARTMENT OF TRANSPORTATION  
AUTHORIZING RESOLUTION FOR THE TRANSIT ASSISTANCE PROGRAM  
ALL SUPERVISORIAL DISTRICTS  
3 VOTES**

**IT IS RECOMMENDED THAT YOUR BOARD:**

Approve the enclosed Authorizing Resolution with the California Department of Transportation an operating administration of the State of California, and the Federal Transit Administration, an operating administration of the United States Department of Transportation. This Resolution authorizes the Director of Public Works, or his designee, to file applications for Caltrans and the Federal Transit Administration assistance programs, on behalf of the County of Los Angeles, to issue annual certifications and assurances and other documents that Caltrans and the Federal Transit Administration require before awarding assistance grants or cooperative agreements, and to execute grant agreements on behalf of the County.

**PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of this action is to delegate authority to the Director of Public Works, or his designee, to file applications for grants and to issue certifications, assurances, and other documents required by the Federal Transit Administration (FTA) grants. This action also delegates authority to the Director of Public Works, or his designee, to execute grant agreements on behalf of the County.

The Department of Public Works applies to the California Department of Transportation (Caltrans) for FTA, Section 5311, funds for providing transportation services to residents in the rural areas of the North County. The FTA requires grant applications for Section 5311 to be submitted to Caltrans since the State is the grant manager.

Starting in Fiscal Year 1999, the FTA changed their procedures regarding the processing of Federal grants awarded during the Call for Projects by the Los Angeles County Metropolitan Transportation Authority (MTA). The FTA expects grant applications and certifications and assurances to be submitted electronically by means of the FTA electronic grant award and management Team Access System. To obtain access to this system, the FTA requires that an Authorizing Resolution, signed by the grant applicant's governing body, be submitted to the FTA.

By designating the Director of Public Works, or his designee, as the County's authorized agent, these applications and certifications can be filed in an expeditious manner.

#### **Implementation of Strategic Plan Goals**

This action meets the County's Strategic Plan Goal of Organizational Effectiveness by expediting the approval process of Memorandums of Understanding in order to receive grant funds in an effective and expeditious manner.

#### **FISCAL IMPACT/FINANCING**

As a result of this action, the County, through the Department of Public Works, will be able to apply for and obtain Federal grants through the State, the MTA, and the FTA. These grants reimburse the County for a portion of the cost incurred to provide various transit services.

#### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The enclosed resolution has been approved as to form by County Counsel.

#### **ENVIRONMENTAL DOCUMENTATION**

We have reviewed the above-referenced programs and determined that this action does not constitute a project as defined under Section 15378 of the California Environmental Quality Act. This action will not result in the direct or indirect physical change of the environment. The appropriate environmental document will be prepared for each individual project that is administered under the terms of the FTA grant agreements.

**IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Respectfully submitted,
